Dear Sir/Madam,

As academic leader of the EPAD project, I thank you for the information provided on the “NEURONET” CSA application, which will be submitted to Topic 5 “Support and coordination action for the projects in the neurodegeneration area of the Innovative Medicines Initiative”, of the IMI 2 Call 13th.

I agree with the NEURONET approach and are happy to hereby give our full support on behalf of EPAD to this initiative, and express our strong interest in actively collaborating with NEURONET if the application is successful.

We hereby authorise you to use this letter of support as needed to demonstrate engagement with relevant projects during the application process.

Looking forward to a fruitful collaboration.

Yours sincerely,

Prof Craig W Ritchie
